District: 8 – San Bernardino
Contact: Terri Kasinga
Phone: (909) 383-6799 (work)
(951) 232-4268 (cell)

MEDIAN PROJECT ON I-15 IN BARSTOW

San Bernardino County – Caltrans began an improvement project on Monday, October 23, to regrade the median and add three-beam guardrail on Interstate 15 (I-15). The work will take place in Barstow from the I-15/40 interchange to Yermo Rd. The work hours are Monday through Thursday from 7:00 p.m. to 9:00 a.m. and on Fridays from 7:00 p.m. to 7:00 a.m.

The number one lane (closest to the median) will be closed during the work hours to protect the workers and motorists from the construction zone. The project is expected to continue throughout the winter and be complete in May 2007. The work hours for this project have been adjusted to accommodate the I-15 Barstow paving project.

The median upgrades and new guardrail will prevent errant cars from crossing the median into oncoming traffic.

It is scientifically proven that an orange cone cannot stop a car traveling at 60 MPH. When you see orange cones, remember...***slow for the cone zone.*** For more information on state highway roadwork, please go to our website at **caltrans8.info**.
